

Pillway

YOUR MODERN PHARMACY

Pillway is simplifying how Canadians receive and take their medication.

From free delivery Canada-wide to convenient personalized packaging based on your needs, our goal is to make taking your medication as easy as possible.

Complete virtual care

Your doctor will send your prescription directly to Pillway, and we'll take care of the rest. We'll keep you updated on your same day or next day medication delivery, and proactively manage your refills and renewals.

We may be a digital pharmacy, but you're never on your own. Our easy to use app and consumer portal allow you to stay connected with our pharmacy care team and take control of your medication management.

More reasons why to choose Pillway:

Never miss a dosage again with our automatic medication reminders.

Our unique services come at no additional cost to you.

We deliver to your door before your old prescription runs out.

We provide other items that you may need such as insulin, inhalers, over-the-counter medication etc.

We accept all major insurance plans.

Did we mention we're Canadian?
